

MERRITT MICROSCOPY PROGRAM

Do you love biology?
Are you looking for a great career?

★ BE A MICROSCOPIST!

- Learn the art and science of high-end bioscience imaging systems.
- Work in biotech, research or equipment sales, or transfer.

★ BE A HISTOTECHNICIAN!

- Learn how to prepare slides that help in the diagnosis of diseases.
- Work in hospitals, diagnostic labs, or research labs.

HOW?

- Join MMP cohort five, starting in August 2013.
- Year 1 (2013-2014): obtain Microscopy Certificates.
- Year 2 (2014-2015): continue on to obtain the Histotech Certificate.

- ✓ All courses are held on nights and weekends.

Join the program this August!

INFORMATIONAL OPEN HOUSE

Thursday, July 25th, 5-9 PM, Room D243
